Evaluation of BaTT Forum course on Battery Material and Recycling in Finland 13-15.5.2025

Please give us valuable feedback for the development of Batt Teacher and Trainers forum course. The aim of the preparation on-line course was to give you sufficient background information on batteries and safety in order to be able to utilise the information provided during workshops and company visits during the seminar in Vaasa, Finland.

1. I work in the following type of organisation: *

- ☐ VET school (EQF 3-5)
- ☐ Higher education (EQF 6-8)
- ☐ Maritime school (EQF 4-6)
- ☐ Company (company training)
- ☐ Other

2. If you answered other - please specify

Enter your answer

3. I hold the following position in the organisation *

- ☐ Vocational teacher
- ☐ General subjects teachers (eg. physics, maths etc.)
- ☐ International cooperation and development
- ☐ Management
- ☐ Other

4. Please specify if you answered other

Enter your answer

5. The BaTT Teachers and Trainers Forum preparatory on-line course for Battery Materials and Recycling was well planned and organised (1= not well organised and 5= very well organised) *

6. Participating in the on-line course and taking part of the CaBatt online material has given me the knowledge to: (you can tick as many options as you like) *

- ☐ Understand and explain the battery market and the value chain
- ☐ Describe how batteries works and know the basic battery vocabulary
- ☐ Explain the key stages of battery material production, including raw material sourcing, refining, and battery material manufacturing at a basic level
- ☐ Explain the importance of recycling and the significance of the Battery Directive for the battery value chain and is aware of the producer responsibilities introduced by the Battery Directive
- ☐ Explain the use of the battery passport

7. Did you get enough information on the on-line course before the course started? *

- ☐ Yes
- ☐ No

8. If you answered no what kind of information would you have liked before?

Enter your answer

9. Did you get sufficient information on how to log onto and work in the CaBATT course on the ASA portal? *

- ☐ Yes
- ☐ No

10. If you answered NO, what kind of information and guidance would you have needed?

Enter your answer

11. Was the scope of the on-line preparation course appropriate 01.4 and 29.04 .2025) *

- ☐ Yes, it was appropriate
- ☐ The 2 sessions were too long and too many
- ☐ The 2 sessions were too short and too few

12. Was the on-line material in the portal for self-study appropriate: *

- ☐ Yes, it was informative and appropriate
- ☐ No, it was not informative and appropriate

13. If you answered no, what changes would you have liked to the on-line course and/or the on-line material?

Enter your answer

14. The methods used in the on-line sessions were appropriate eg. lecturing, slide for participants to answer, self study etc. (1= not appropriate at all 5= very appropriate and varied) *

15. If your opinion is that the methods used were not appropriate please justify and give some suggestions for improvement:

Enter your answer

16. The online course and material provided before the event in Vaasa gave me sufficient background to Battery Materials and recycling for to utilize the information provided by the companies during the Vaasa event *

- ☐ It gave me sufficient knowledge
- ☐ It did not give me sufficient knowledge

17. If the online course and material provided before the event did not give you sufficient knowledge to utilize the information provided in Vaasa what kind of information would you have needed?

Enter your answer

18. Did you receive enough information on the BATT teachers and trainers forum event in Vaasa before the event? *

☐ Yes

☐ No

19. In case that you answered no on the previous question, what kind of information and instructions would you have like to receive before the event?

Enter your answer

20. Was the length of the Vaasa event appropriate (3 days) *

☐ Yes, it was appropriate

☐ It was too short

☐ It was too long

21. The BaTT Teachers and Trainers Forum in Vaasa was well planned and organised (1= not well organised and 5= very well organised) *

☆ ☆ ☆ ☆ ☆

22. The content of the BaTT Teachers and Trainers Forum in Vaasa was appropriate and interesting (1= not appropriate and interesting 5= very appropriate and interesting) *

☆ ☆ ☆ ☆ ☆

23. The methods used (presentations, visits, workshops) were appropriate and varied (1= not appropriate and varied 5=very appropriate and varied) *

☆ ☆ ☆ ☆ ☆

24. Which of the following learning outcomes were fulfilled for you during the teachers and training forum on Battery Materials and Recycling (you can choose as many as you like) *

☐ I can describe the technology associated with material production and recycling in different industry settings

☐ I can now recognizes future developments of battery materials and recycling.

☐ I have gained awareness of working environments, equipment and materials related to safety issues in the raw-material and recycling sector

☐ I have gaines awareness of educational challenges in the material production and recycling sector through networking with peers

☐ I can now apply English language and multicultural skills in an international setting

25. Were the following goals of the teachers and training forum in Vaasa fulfilled? (You can choose as many as you like) *

- ☐ I had the possibility to exchange good practice with other participants
- ☐ I had the possibility to build a new network
- ☐ I had the possibility to peer learning (learnig from others)
- ☐ I had the possibility to get in contact with new technologies ad technological development in the industry
- ☐ I received updated sectoral information
- ☐ Yes I had the possibility to build new contacts and ideas for work based learning (eg. through Erasmus+ Mobility)
- ☐ I had the possibility to develop and share training material
- ☐ The teachers and trainers forum gave me and my organisation increased capacity to provide training within the battery sector

26. I would have liked more of the following content:

Enter your answer

27. I would have liked less of the following content:

Enter your answer

28. I would recommend others to take part in the BaTT Teachers and Trainers Forum (1= I would not recommend 5= I would warmly recommend) *

29. Do you have any ideas for future development of the BaTT teachers and Trainers Forum?

Enter your answer

30. Do you have any other comments to the organisers?

Enter your answer
